On Monday I'll transfer this list to the global directory. That way the list can stay consistent across everyone's outlook client.

Folks, Gold King notification list is attached, you can save this into your Outlook. If you have additions or changes, please send your edited group back to this mail list so we can update our lists (until Chris can get something in the global address book). This dist list includes everyone who's asked to get info – state, feds (RRT members and other federal partners involved in the site), EPA R6, 8, 9, HQ eoc, etc. Also includes Butch and Liane from LaPlata Co.
